

What is NK&Beyond?

NK&Beyond concentrates its mission efforts toward reaching the most unreached people on earth. Starting from North Korea, the saddest and most secluded nation of our generation, its compelling VISION is to see the LIGHT of the GOSPEL shining throughout North Korea and all the nations beyond its borders. Its MISSION is to go and provide practical and spiritual means to share the LOVE of GOD and give the message of FAITH and HOPE to these forgotten people. NK&Beyond believes in partnership. We value partnership with ministries who have gone before us. We endeavour to partner, support and work hand in hand with them. We recognize the value of working alongside to reach a common goal. The goal of seeing Christ honoured in every culture, tribe and tongue.

The Ministries of NK&Beyond
